OBJECTIVES

1. To promote quality education among students by which an all round and multi - faceted character is formed and to empower them to become good human beings in society.
2. To make higher education accessible to needy and socially weak students, so that they are able to face challenges of life with a positive attitude.
3. To stimulate social responsibilities through community oriented extension programmes.
4. To imbibe quality consciousness among students.
5. To improve the academic performance of the students.
6. To continuously evolve and keep up with global developments in education.
7. To infuse technology in our methods of teaching.

PRINCIPAL'S MESSAGE

Education forms the epitome of one personality. It is the basis of one's understanding of the world around us which outspread one's potential to explore and grow. This very ideology is practiced at Patuck- Gala College.

Situated in the heart of the suburb of Mumbai, the College stands tall as a significant landmark in the locality. It caters to students of the neighboring areas. It is ensured that the Curriculum and teaching pedagogy adopted is suitable and apt for the students' growth and development. Students' profile indicates waves of changes by the time they Graduate. Student support include teaching with supporting lesson material, mentoring, counselling, placement assistance, skill development certificate programs, industry exposure through visit and expert lectures and more.

The College is also environmentally and socially responsible. The campus houses an excellent it ambience of flora and also has compost pits, solar panels and e-waste bins, all very much the need of the hour especially in a concrete jungle like the Mumbai City. The College through its NSS Cell caters to the neighbouring area through cleanliness drives on beaches, working in sync with the BMC and the Police, Awareness campaigns and more.

The growing and sustained activities of the College is a testimony of its growth trajectory in the Academic Year 2018-19. We conducted an International Conference with the HEF (Higher Education Fourm) and another was a National Workshop on Prevention of Sports Injuries in collaboration with the Department of Physical Education, University of Mumbai. The feedback received was very encouraging.

The College faculty was awarded funds for Minor Research Project through the University of Mumbai. The research activities among teachers and students of the College has been increasing year after year.

Our efforts are incessantly towards progress in the field of academics. We strive towards maintaining and achieving each year an advanced yardstick of quality.

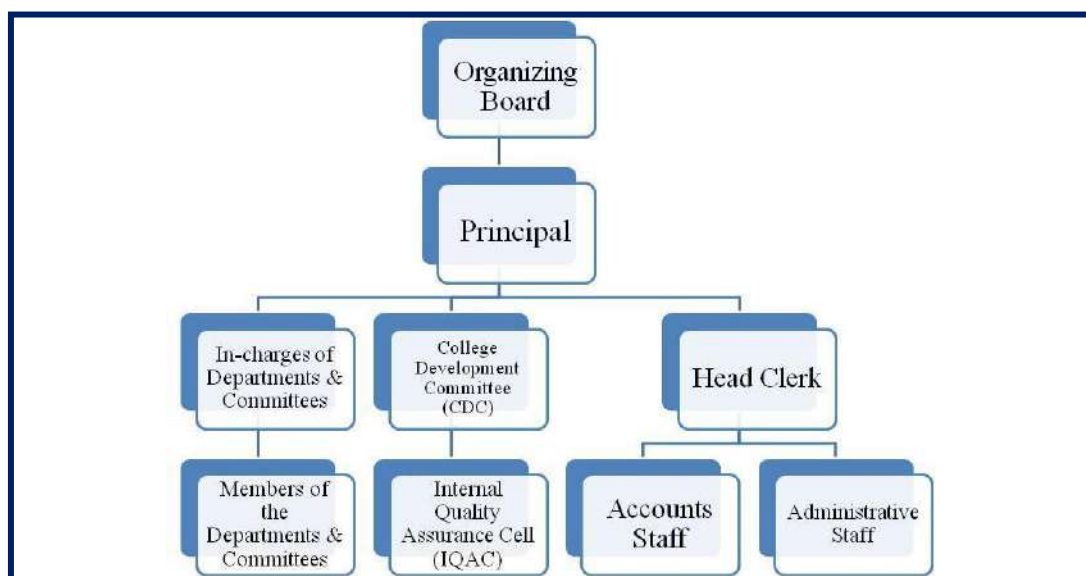

This Annual Report of the College is a roster of activities during the Academic Year 2018-19.
