## Quality Policy

Our Quality Systems offer holistic education in Commerce and Management Studies for empowering students from all strata of society by encouraging academic progression and employability. This is done by imbuing leadership qualities with moral and ethical values aimed towards social commitment. We achieve this with the inclusion of all the stakeholders through:

- Providing a congenial work environment to human resources and learning environment to students;
- Enhancing competence of the faculty by encouraging them to adopt innovative and updated methods of teaching based on the latest technology;
- Review and maintenance of facilities provided to the stakeholders;
- Evolving the institutional systems based on the feedback obtained from stakeholders;
- Striving towards continual improvement of Quality Management Systems to ensure stakeholders' delight.

# OBJECTIVES

1. To promote quality education among students by which an all round and multi - faceted character is formed and to empower them to become good human beings in society.
2. To make higher education accessible to needy and socially weak students, so that they are able to face challenges of life with a positive attitude.
3. To stimulate social responsibilities through community oriented extension programmes.
4. To imbibe quality consciousness among students.
5. To improve the academic performance of the students.
6. To continuously evolve and keep up with global developments in education.
7. To infuse technology in our methods of teaching.

## **PRINCIPAL'S MESSAGE**

It gives me immense pleasure to present to you our Annual Report for the Academic Year 2019-20. This Report will provide you a summary of the year long activities conducted by the team at our College.

The team very keenly skims through the current needs of the students and conducts innovative activities which helps the students' holistic development. We, at Patuck College have taken to a diverse approach to reach higher horizons –student engagement being the core focus, we also contribute through community engagement, faculty development, environment conservation and preservation activities, research & publications, conduct of inter-collegiate events, et al.

The College has gone through unceasing changes and development with the help and support of the Management and dedication and commitment of the staff members. Our continued association with the HEF, NGOs, Governmental and Regulatory Bodies, the BMC, the Vakola Police Station and many more, speaks volumes of our networking with the external stakeholders.

This Academic Year, the College has initiated Exchange Programs with academic institutes. Also, the College was able to sign Memorandum of Understanding with several bodies besides academics. Thus, the College has been increasing its professional interactions nationally as well as internationally.

Also, this certainly deserves a mention - the co-operation received from the Management during the influence of COVID – 19 on India was highly commendable. The team of teaching and non-teaching staff adapted so quickly to the situation that they did not let the work of the College get affected even the slightest. The team smoothly took a transition from offline to online mode. And that is a matter of great pride!

The readers will get a glimpse of our academic journey during the Academic Year 19-20!

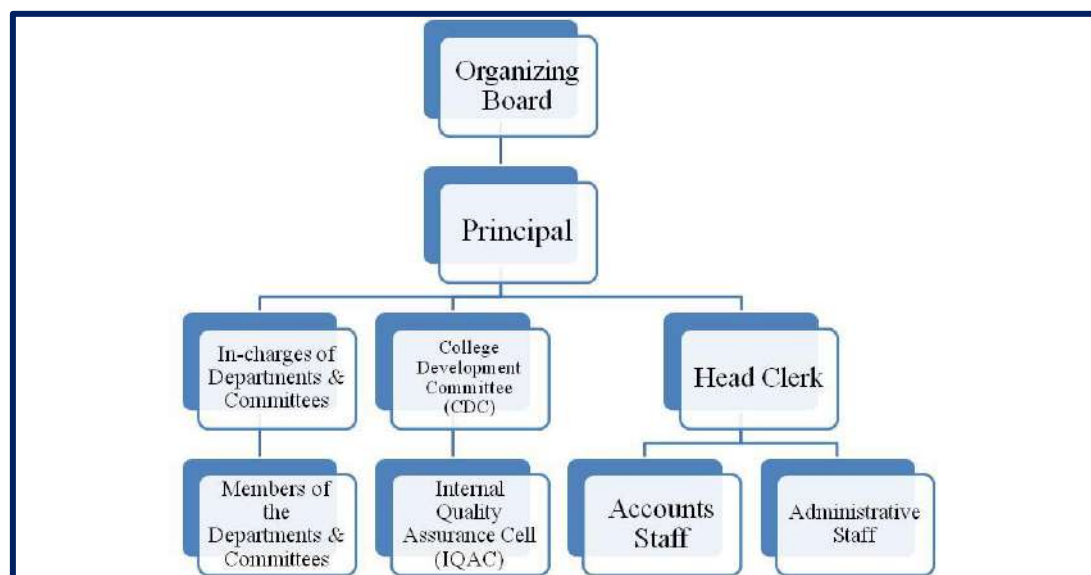

With warm regards

**Dr. Meeta Pathade**  
**I/c Principal**
